- Extremely powerful chuck with re-tensioning function against slipping of the bit and high degree of concentricity.
- Brushless 3-speed cordless hammer drill with maximum power, ideal for demanding metal applications.
- Third speed setting with high torque (max. 4,000/min) for extended range of application and even faster drilling progress, especially in metal.
- Hammer drill function for drilling in masonry.
- Selectable "impulse" mode for removal of stubborn screws and for spot-drilling on smooth surfaces.
- Precision Stop: electronic torque control with increased precision for precise, delicate working.
- Overload protection: protects the motor from overheating.
- Electronic safety shutdown: no kickback if the drill bit stops unexpectedly - for high user safety.
- Integrated LED work light with night light function for optimal brightness in the work area.
- With handy belt hook and bit case which can be fixed either on the right or left side.
